

# Vreden Readings

Research & Practice Conference

September 21-23, 2017 • Saint Petersburg, Russia

PROGRAM

[vredenreadings.org](http://vredenreadings.org)

**SEPTEMBER 21, THURSDAY  
GREAT HALL MOSKOVSKY**

**08.30-12.00 SYMPOSIUM HIP PRESERVATION SURGERY**

Moderator: Rashid Tikhilov

08.30-08.45	Epidemiology and natural history of hip arthritis in Russia <i>Igor Shubnyakov (St. Petersburg, Russia)</i>
08.45-09.00	FAI: Etiology & Diagnosis <i>Oliver Marin Pena (Madrid, Spain), ESSKA Hip Arthroscopy Committee member</i>
09.00-09.15	Intraosseous subchondroplasty at the hip for AVN and OA <i>Mitchell Sheinkop (Chicago, USA)</i>
09.15-09.30	FAI: Management options & outcomes <i>Oliver Marin Pena (Madrid, Spain)</i>
09.30-09.45	Hip dysplasia: the role of arthroscopy <i>Nicolas Bonin (Lyon, France), Chairman of ESSKA Hip Arthroscopy Committee</i>
09.45-10.00	Hip dysplasia: the role of PAO <i>Jaroslav Czubak (Warsaw, Poland)</i>

*10.00-10.15 Discussion*

10.15-10.30	X-Rays algorithm for the diagnosis of the hip pain <i>David Pliev (St. Petersburg, Russia)</i>
10.30-10.45	Hip arthroscopy: when does it work and where is the limit, patient selection <i>Oliver Marin Pena (Madrid, Spain), ESSKA Hip Arthroscopy Committee member</i>
10.45-11.00	Preoperative predictors of failures of the hip preservation surgery <i>Oleg Bogopolsky (St. Petersburg, Russia)</i>
11.00-11.15	Rehabilitation after hip arthroscopy <i>Nicolas Bonin (Lyon, France), Chairman of ESSKA Hip Arthroscopy Committee</i>
11.15-11.30	Rehabilitation after PAO <i>Jaroslav Czubak (Warsaw, Poland)</i>
11.30-11.45	Cellular Orthopedics: an emerging specialty in Orthopedics <i>Mitchell Sheinkop (Chicago, USA)</i>

*11.45-12.00 Discussion*

**12.00-14.00 LUNCH SESSION. SATELLITE SYMPOSIA**

**14.00-16.10 SYMPOSIUM REACTION TO THE IMPLANT**

Moderator: Andrey Korytkin

14.00-14.15	What is real effectiveness of the modern implants? <i>Rashid Tikhilov (St. Petersburg, Russia)</i>
14.15-14.30	Tribology: basis knowledge <i>Vladimir Danilyak (Yaroslavl, Russia)</i>
14.30-14.45	Do we have allergic reactions in arthroplasty? <i>Peter Thomas (Munich, Germany)</i>
14.45-15.00	Types of host response for the implant and ways of them prevention <i>Igor Shubnyakov (St. Petersburg, Russia)</i>
15.00-15.15	Incidence of the adverse reaction to orthopedic implant <i>Gennady Kuropatkin (Samara, Russia)</i>
15.15-15.30	How to recognize an adverse reaction – my algorithm <i>Peter Thomas (Munich, Germany)</i>
15.30-15.45	Silent Trunnion Corrosion after Metal on Polyethylene Hip Replacement: Five Lessons for the Surgeon in Practice <i>Clive Duncan (Vancouver, Canada)</i>

*15.45-16.10 Discussion*

**16.10-18.15 SYMPOSIUM TRAUMA MEETS ORTHOPEDIC SURGERY**

Moderator: Andrey Sereda

16.10-16.25	The Unified Classification System (UCS) for Periprosthetic Fractures after Any Joint Replacement: Now We Can All Talk the Same Language <i>Clive Duncan (Vancouver, Canada)</i>
16.25-16.40	The role of osteosynthesis in management of periprosthetic fractures <i>Markus Arand (Ludwigsburg, Germany)</i>
16.40-16.55	Fractures of the great trochanter: small pieces – great problems <i>Andrey Korytkin (N. Novgorod, Russia)</i>
16.55-17.10	Minimally invasive technologies in the treatment of periprosthetic fractures <i>Igor Piven (Ekaterinburg, Russia)</i>
17.10-17.25	When the osteosynthesis cannot help... <i>Viktor Shilnikov (St. Petersburg, Russia)</i>
17.25-17.40	Femoral fractures after TKA <i>N. Zalharjan (Moscow, Russia)</i>
17.40-17.55	Fractures of the patella and damage to the extensor after TKA <i>Gennady Bovkis (St. Petersburg, Russia)</i>

*17.55-18.15 Discussion*

**SEPTEMBER 21, THURSDAY****PASTERNAK HALL****BONE ONCOLOGY**

09.30-12.00 SESSION 1

Moderator: Dmitry Ptashnikov

09.30-09.40	Biological reconstruction of resection defects of the lower limb among children with malignant tumors <i>Igor Bolshakov (Moscow, Russia)</i>
09.40-09.50	Replacement of large joints among children with rare and complicated malignant tumor localizations <i>K. Savlaev (Moscow, Russia)</i>
09.50-10.00	The first experience of growing total knee replacement <i>L. Nahtnabl (Brno, Czech Republic)</i>
10.00-10.10	The reasons of untimely treatment of malignant musculoskeletal tumors among children in Moscow <i>Petrichenko A.V. (Moscow, Russia)</i>
10.10-10.20	Modern personalized tactic for joint replacement among children with bone tumors <i>Dmitry Nisichenko (Moscow, Russia)</i>
10.20-10.30	Capabilities of the restorative treatment for children with replaced joints <i>Shalneva O.I. (Moscow, Russia)</i>
<i>10.30-10.45 Discussion</i>	
10.45-10.55	Morphological diagnostic of the osteosarcomas with low grade of malignancy <i>Berchenko G.N. (Moscow, Russia)</i>
10.55-11.05	Reconstructive-plastic operations for desmoids fibromas of the body and limbs <i>Yadrina M.V. (Moscow, Russia)</i>
11.05-11.20	Therapy and prognosis in chondrosarcoma: one center experience in 116 cases <i>Alexander Klein (Germany)</i>
11.20-11.30	Influence of preoperative embolization and use of the local hemostatic drugs on blood loss among patients with hyper vascular spinal tumours <i>Nikita Zaborovsky (St. Petersburg, Russia)</i>
11.30-11.45	Aneurysmal Bone Cysts: Results in 64 patients treated with different methods <i>Alexander Klein (Germany)</i>

*11.45-12.00 Discussion***12.00-14.00 LUNCH SESSION. SATELLITE SYMPOSIA****14.00-18.00 SESSION 2**

Moderators: Georgiy Gafton, Valery Teplyakov

14.00-14.10	Retrospective analysis of the results after the use of massive allotransplants for revision knee replacement for patients with giant cell tumors of the distal third of femur <i>Petr Grigoriev (St. Petersburg, Russia)</i>
14.10-14.20	Results of humeral joint replacement with reversible endoprosthesis in cases of humeral bone tumors <i>Maria Ivanova (Moscow, Russia)</i>
14.20-14.30	Diagnostic and surgical treatment for pathological fractures of diaphysis of bones <i>Anna Rodionova (Kazan, Russia)</i>
14.30-14.40	Operative treatment results with use of extra articular resections with subsequent joint replacement <i>Valery Teplyakov (Moscow, Russia)</i>
14.40-14.50	Results of treatment among patient with pelvis chondrosarcomas <i>Vitaly Derzhavin (Moscow, Russia)</i>
14.50-15.00	Surgical treatment of the bones tumors of pelvic ring <i>Georgiy Gafton (St. Petersburg, Russia)</i>
15.00-15.10	3D technology in the treatment of patients with tumors of pelvic bones <i>Eugenyi Sushentsov (Moscow, Russia)</i>
<i>15.10-15.25 Discussion</i>	
15.25-15.35	Individual total knee replacement on the background of the tumor process <i>L. Nahtnabl (Brno, Czech Republic)</i>
15.35-15.45	Results of total hip replacement after wide resection defects of the femur <i>Ilkin Mikkailov (St. Petersburg, Russia)</i>
15.45-15.55	Management of periprosthetic infection after bone tumor resection <i>Michael Schulte (Rothenburg, Germany)</i>
15.55-16.05	Revision surgery in patients with oncological knee endoprosthesis <i>Philip Zasulsky (St. Petersburg, Russia)</i>
16.05-16.15	Surgical treatment of pathological fractures of diaphyseal bones <i>Mikhail Shchupak (Moscow, Russia)</i>
16.15-16.25	Microsurgical methods of reconstruction of bone defects of the upper extremities in cancer patients <i>Vladimir Ivashkov (Moscow, Russia)</i>
16.25-16.35	Revision THA in cancer patients <i>Alexander Sokolovsky (Moscow, Russia)</i>

*16.35-16.50 Discussion*

16.50-17.10	Section of clinical cases: - Osteosarcoma proximal small tibia in a 12-year-old patient: options for reconstruction? - Complications after partial resection of the pelvis and LUMIC implantation. What to do? <i>Alexander Klein (Germany)</i>
17.10-17.20	Surgical treatment of chordoma of sacrum <i>Valery Teplyakov (Moscow, Russia)</i>
17.20-17.30	Surgical treatment of the rare tumours of the distal third of tibia <i>Alexander Kurilchik (Obninsk, Russia)</i>
17.30-17.40	<i>Surgical treatment of the metastases in clavicle</i> <i>Marija Dubrovskaya (St. Petersburg, Russia)</i>
17.40-18.00 Discussion	

**SEPTEMBER 22, FRIDAY  
GREAT HALL MOSKOVSKY**

**KNEE ARTHROPLASTY DAY**

08.30-09.30 SESSION 1 **PRE-OP SET UP**

Moderator: Alexander Kazemirskiy

08.30-08.40	Indications for partial and total knee arthroplasty <i>Alexey Karpuhin (Cheboksary, Russia)</i>
08.40-08.50	The role of metal implant allergy in TKA <i>Peter Thomas (Germany)</i>
08.50-09.00	How to identify and deal with high risk patients <i>Gennady Kuropatkin (Samara, Russia)</i>
09.00-09.10	Infection prophylaxis: what makes sense? <i>Siegfried Hofmann (Austria)</i>
09.10-09.30 Discussion	

09.30-10.50 SESSION 2 **TRENDS IN IMPLANTS DESIGN AND TECHNOLOGIES**

Moderator: Mihail Girkalo

09.30-09.40	Implant biomechanics: copy of nature or still compromise? <i>Thomas Heyse (Germany)</i>
09.40-09.50	Do modern designs improve TKA outcomes? <i>Pawel Skowronek (Poland)</i>

09.50-10.00	All poly: universal solution or for elderly TKA patients only? <i>Alexey Karpuhin (Cheboksary, Russia)</i>
10.00-10.10	Biotribology in TKA <i>Thomas Grupp (Germany)</i>
10.10-10.20	Do modern hinged implants make sense in primary TKA? <i>Alexander Giurea (Austria)</i>
10.20-10.30	Freedom Knee Experience. PCK usage and outcomes. Primary PCK Constrained knee – experience to date <i>Jonathan Ramirez Saluta (Los Angeles, USA)</i>
10.30-11.10 Discussion	

11.10-12.00 SESSION 3 **OPTIMIZING SURGICAL TECHNIQUE  
(ROUND TABLE DISCUSSION)**

Moderators: Vladimir Danilyak

Implant type choice, tourniquet, approaches, surgical technique, balancing, complex cases

12.00-14.00 LUNCH SESSION. SATELLITE SYMPOSIA

14.00-15.10 SESSION 4 **TKA CONTROVERSY**

Moderator: Andrey Kaminskiy

14.00-14.10	Kinematical alignment: dangerous concept <i>Siegfried Hofmann (Austria)</i>
14.10-14.20	Patient specific resection blocks: more precision – better function? <i>Azam Badar Khan Dubia (Dubai, OAE)</i>
14.20-14.30	Factors influencing primary stability of tibial component <i>Thomas Grupp (Germany)</i>
14.30-14.40	Why other alignments in TKA can be considered? <i>Peter Mertens (Antwerp, Belgium)</i>
14.40-14.50	Rationale and evidence for VVC versus RHK <i>Alexander Giurea (Austria)</i>
14.50-15.00	Tips and tricks to achieve max flexion after modern TKA <i>Thomas Gregory (France)</i>
15.00-15.10 Discussion	

**15.10-16.20 SESSION 5 REVISION TKA**

Moderator: Nikolay Kornilov

15.10-15.20	Why TKA fail today: registries and clinical series update <i>Thomas Heyse (Germany)</i>
15.20-15.35	Debate severe bony defects: my favorite technique - Structural allograft <i>Taras Kuliaba</i> - Methaphyseal sleeves <i>Mihail Girkalo</i> - Trabecular metal cones <i>Alexander Kazemirskiy</i>
15.35-15.45	Revision TKA: is it possible to combine sleeves with CAS? <i>Hans-Peter Sieber (Switzerland)</i>
15.45-15.55	How to choose the right stem fixation <i>Andrey Kaminskiy (Kurgan, Russia)</i>
15.55-16.05	When and how single stage makes sense in infected TKA <i>Michail Molodov (Yaroslavl, Russia)</i>

16.05-16.20 Discussion

**16.20-17.30 SESSION 6 PERI-OPERATIVE CARE**

Moderator: Mikhail Belov

16.20-16.30	General, spinal or peripheral nerve blocks for anaesthesia <i>Mohanna Maher (St. Petersburg, Russia)</i>
16.30-16.40	Modern blood management: input of surgeon and anesthesiologist <i>Emmanuel Thienpont (Belgium)</i>
16.40-16.50	The challenge with sufficient pain control <i>Pawel Skowronek (Poland)</i>
16.50-17.00	Barbed sutures: innovation or new troubles? <i>Dmitrij Chugaev (St. Petersburg, Russia)</i>

17.00-17.30 Discussion

**17.30-18.30 SYMPOSIUM PREVENTION DVT IN JOINT REPLACEMENT SURGERY**

Moderator: Gennady Kuropatkin

17.30-17.45	Preventing Deep Vein Thrombosis after THA: why we still have no world-wide consensus <i>David Lewallen (Rochester, USA)</i>
17.45-18.00	Management of the risks of bleeding in patients with joint arthroplasty <i>Svetlana Bozhkova (St. Petersburg, Russia)</i>
18.00-18.15	Prevention of DVT – experience of regional hospital <i>Vladimir Danilyak (Yaroslavl, Russia)</i>

18.15-18.30 Discussion

**SEPTEMBER 22, FRIDAY  
PASTERNAK HALL****FOOT&ANKLE SESSION****08.30-12.00 SESSION 1**

Moderators: Andrey Sereda, Andrew Molloy

08.30-09.00	Flatfoot deformity correction <i>Andrew Molloy (Liverpool, UK)</i>
09.00-09.20	Clinical and economic aspects in outcomes in patients with Hallux valgus <i>Evgeniy Sorokin (St. Petersburg, Russia)</i>
09.20-09.40	Helal osteotomy in surgical treatment of metatarsalgia <i>Protsko V.G. (Moscow, Russia)</i>
09.40-10.10	Correction of Hallux Valgus using Lapidus procedure <i>Kenneth M. Leavitt (Boston, USA)</i>

10.10-10.30 Discussion

10.30-10.45	Fracture of the sesamoid. Leave or not? <i>Kovalenko A.N., Evgeny Sorokin (St. Petersburg, Russia)</i>
10.45-11.00	Pain threshold in children with flatfoot <i>Sapogovskiy A.V., Kenis V.M. (St. Petersburg, Russia)</i>
11.00-11.20	Sinus tarsi arthroscopy <i>Golubev V.G., Postnow Y.G., Baraneckiy A.L. (Moscow, Russia)</i>
11.20-11.40	Injuries in Russia team during Olympic games in London, Sochi, Rio <i>Sereda A.P. (Moscow, Russia)</i>

11.40-12.00 Discussion

**12.00-14.00 LUNCH SESSION. SATELLITE SYMPOSIA****14.00-15.50 SESSION 2**

Moderators: Sergey Berezhnoy, Kenneth M. Leavitt

14.00-14.30	Contemporary trends in Foot&Ankle surgery <i>Andrew Molloy (Liverpool, UK)</i>
14.30-14.50	Miniinvasive surgery in severe Hallux valgus <i>Polliak M.N., (Ekaterinburg, Russia)</i>
14.50-15.10	Hallux varus: causes and miniinvasive treatment <i>Sergey Berezhnoy (Moscow, Russia)</i>
15.10-15.30	Features of I MTP arthroplasty <i>Kurochkin S.B., Pachomov I.A., Kuznetcov V.V. (Novosibirsk, Russia)</i>

15.30-15.50 Discussion

15.50-18.30 SESSION 3

Moderators: Pachomov I., Sorokin E.

15.50-	<i>Retrospective analysis of DePuyMobiliti prosthesis</i>
16.10	<i>Pachomov I.A., Kurochkin S.B., Kuznetcov V.V. (Novosibirsk, Russia)</i>
16.10-	<i>Our experience in chronic Achilles ruptures</i>
16.25	<i>Chugaev D.V. (St.Petersburg, Russia)</i>
16.25-	Posterior malleolar fractures
16.45	<i>Andrew Molloy (Liverpool, UK)</i>
16.45-	Correction of Hallux Abducto Valgus in the presence of Metatarsus
17.05	adductus <i>Kenneth M. Leavitt, (Boston, USA)</i>
17.05-	PRP (ACP) Therapy for Osteoarthritis (OA) – current evidence and outlook
17.15	<i>Niclas Schiffer, (Munich, Germany)</i>

17.15-17.30 Discussion

**SEPTEMBER 23, SATURDAY  
GREAT HALL MOSKOVSKY**

**PRIMARY THA**

**09.00-10.00 SESSION 1 MANAGEMENT OF THE PATIENTS  
WITH FRACTURES OF PROXIMAL FEMUR**

Moderator: Igor Shubnyakov

09.00-	Epidemiology of fractures of the proximal femur in Saint-Petersburg
09.10	and current status of them management <i>Anna Bogopolskaja (St. Petersburg, Russia)</i>
09.10-	Optimal time for surgical management of the patients with femoral neck
09.20	fractures <i>Mikhail Markushevich (Israel)</i>
09.20-	Challenges in following of the 48-hours protocol
09.30	<i>Alexander Belenkii (St. Petersburg, Russia)</i>
09.30-	Is it possible to implement this protocol in Russia?
09.40	<i>Mikhail Belov (Yaroslavl, Russia)</i>
09.40-	The trochanteric fractures – osteosynthesis or THA?
09.50	<i>Valery Murilev (Moscow, Russia)</i>

09.50-10.00 Discussion

10.00-11.00 SESSION 2 HOW CAN WE IMPROVE THE RESULTS

**OF THE PRIMARY THA**

Moderator: Vladimir Danilyak

10.00-	Five-year experience of using Fast Track in traumatology and orthopedics
10.10	<i>Anton Serebryakov (Moscow, Russia)</i>
10.10-	Direct anterior approach – my conscious choice
10.20	<i>Jaron Brin (Israel)</i>
10.20-	Posterior Approach-No limit to perfection – super pass
10.30	<i>Andrey Korytkin (N.Novgorod, Russia)</i>
10.30-	I see no problems with the standard approach
10.40	<i>Gennady Kuropatkin (Samara, Russia)</i>
10.40-	Dual Mobility – French Innovation
10.50	<i>Arve Arnu (Lyon, France)</i>

10.50-11.00 Discussion

**11.00-12.00 SESSION 3 THA IN YOUNG PATIENTS**

Moderator: Valery Murilev

11.00-	THA in children and adolescence
11.10	<i>Valentin Neverov (St. Petersburg, Russia)</i>
11.10-	THA in patients with DDH: clear visualization – correct surgical algorithm
11.20	<i>Rashid Tikhilov (St. Petersburg, Russia)</i>
11.20-	Subtrochanteric shortening osteotomy in THA by congenital dislocation
11.30	<i>Vitaly Pavlov (Novosibirsk, Russia)</i>
11.30-	Choice of the prosthesis for patients with DDH
11.40	<i>Tomáš Trč (Prague, Czech Republic)</i>
11.40-	The results of THA in patients younger than 50 years
11.50	<i>Alexey Denisov, Maxim Shubnyakov (St. Petersburg, Russia)</i>

11.50-12.00 Discussion

**12.00-14.00 LUNCH SESSION. SATELLITE SYMPOSIA**

**14.00-15.00 SESSION 4 POSTTRAUMATIC ARTHRITIS  
AND OTHER COMPLEX CASES OF THA**

Moderator: Alexey Denisov

14.00-	The challenges of the THA for non-union of fractures of the proximal
14.10	femur <i>Valery Murilev (Moscow, Russia)</i>
14.10-	Surgical management of the acetabular fractures – first stage of the THA
14.20	<i>Alexey Grin' (Tyumen, Russia)</i>

14.20-14.30	THA following acetabular fracture – managing discontinuity without distraction <i>David Lewallen (Rochester, USA)</i>
14.30-14.40	Features of the THA in patients with high BMI <i>Ildar Achtjamov (Kazan, Russia)</i>
14.40-14.50	THA in patients with chronic hemodialysis <i>Nikolay Cygin (Moscow, Russia)</i>
<i>14.50-15.00 Discussion</i>	

**15.00-16.00 SESSION 5 INFECTION AFTER THA**

Moderator: Gennady Kuropatkin

15.00-15.10	Infection following Hip replacement: times they are all changing <i>Clive Duncan (Vancouver, Canada)</i>
15.10-15.20	Real debridement capabilities of antibiotic-bearing cement spacers: the boundaries of the possible <i>Thornsten Gehrke (Germany)</i>
15.20-15.30	One-stage or two-stage THA <i>Thornsten Gehrke (Germany)</i>
15.30-15.40	Is there a place for ExFix in the treatment of PJI <i>Artem Ermakov (Kurgan, Russia)</i>
15.40-15.50	Errors in the treatment of periprosthetic infection <i>Vasilii Artykh (St. Petersburg, Russia)</i>
15.50-16.00	The use of 3D technologies in the surgical treatment of PJI <i>Mitrofanov V.N., Zhivtsov O.P., (N. Novgorod, Russia)</i>
<i>16.00-16.10 Discussion</i>	

**16.00-17.00 SESSION 6 REVISION THA**

Moderator: Rashid Tikhilov

16.10-16.20	Role of the ETO in revision surgery <i>Mikhail Belov (Yaroslavl, Russia)</i>
16.20-16.30	The results of tantalum / trabecular metal acetabular component in the different type of bone loss in the acetabular side <i>Hannu Miettinen, Johanna Turtiainen (Finland)</i>
16.30-16.40	Making buttresses and augments work <i>David Lewallen (Rochester, USA)</i>
16.40-16.50	Revision THA and severe defects of the femur <i>Thornsten Gehrke (Hamburg, Germany)</i>
16.50-11.00	What determines the results in patients with severe femoral defects? <i>David Pliev (St. Petersburg, Russia)</i>

17.00-17.10	Indications for custom-made implants <i>Rashid Tikhilov (St. Petersburg, Russia)</i>
<i>17.20-17.30 Discussion</i>	

17.30-17.35 CLOSING REMARKS Rashid Tikhilov (Saint Petersburg, Russia)

**SEPTEMBER 23, SATURDAY**

**PASTERNAK HALL**

**SHOULDER SURGERY**

**10.00-12.00 SESSION 1 MASSIVE ROTATOR CUFF TEAR – SUPERIOR CAPSULAR RECONSTRUCTIONS, MUSCULAR – TENDON TRANSFERS, REVERS ARTHROPLASTY OF THE SHOULDER**  
INSTRUCTIONAL COURSE OF LECTURES

Moderators: A. Korolev, F. Lazko

10.00-10.10	Large and massive rotator cuff tear of the shoulder – epidemiology, modern treatment trends <i>A. Korolev, I. Dmitry (Moscow, Russia)</i>
10.10-10.20	Clinical results and MRI after arthroscopic repair of large and massive rotator cuff tear <i>S. Dokolin (St. Petersburg, Russia)</i>
10.20-10.50	Arthroscopic Superior Capsular Reconstruction (SCR) ReLive Surgery videotranslation <i>R. Alonso (Lisbon, Portugal)</i>
10.50-11.00	Arthroscopic SCR – how does it work for a massive rotator cuff tear? <i>R. Alonso (Lisbon, Portugal)</i>
11.00-11.10	My experience of the LDT” <i>O. Milenin (Moscow, Russia)</i>
11.10-11.20	My experience of the latissimus dorsi transfer (LDT) – surgical technique, results <i>V. Jermolajevs (Klaipeda, Lithuania)</i>
11.20-11.30	Arthroscopic and arthroscopically assisted techniques of the latissimus dorsi and teres major transfer? <i>V. Jermolajevs (Klaipeda, Lithuania)</i>

*11.30-12.00 Discussion*

**12.00-14.00 LUNCH SESSION. SATELLITE SYMPOSIA**

14.00-16.00 SESSION 2  
Moderators: F. Lazko, D. Malanin

14.00-14.10 Why is it important to identify and repair damage to the subscapularis tendon?  
*D. Ilyin (Moscow, Russia)*

14.10-14.20 Arthroscopic classification of ruptures of the subscapularis tendon – my approach of irreparable subscapularis ruptures  
*B. Toissant (Annecy, France)*

14.20-14.30 My experience with the treatment of irreparable subscapularis ruptures  
*R. Alonso (Lisbon, Portugal)*

14.30-14.40 Discussion

14.40-14.50 My experience Reverse Shoulder Arthroplasty (RSA) in the treatment of patients with shoulder arthropathy – isolated and in combination with a tendon transfer  
*A. Chezar (Afula, Israel)*

14.50-15.00 RSA – how often do I use it in my practice  
*S. Cherny (Novosibirsk, Russia)*

15.00-15.10 Medium-term results of RSA in patients with massive rotator cuff tear and arthropathy of the shoulder  
*A. Varfolomeev, S. Dokolin, V. Kuzmina (St. Petersburg, Russia)*

15.10-15.20 Reverse total shoulder in patients with rotator cuff insufficiency  
*L. Romanowski (Poznan, Poland)*

15.20-15.30 My experience Reverse Shoulder Arthroplasty (RSA)  
*S. Maikov, A. Peretyaka (St. Petersburg, Russia)*

15.30-16.00 Discussion

16.00-17.30 SESSION 3  
Moderators A. Vasilkin, O. Milenin

16.00-16.10 My experience of using the balloon “InSpace” in the treatment of patients with a massive rotator cuff tear  
*F. Lazko (Moscow, Russia)*

16.10-16.20 Palliative interventions (biceps tenotomy, subacromial bursectomy, acromioplasty, ACJ resection) – does this work with massive rotator cuff tear?  
*B. Toissant (Annecy, France)*

16.20-16.30 Principles of shoulder rehabilitation after reconstruction and RSA  
*V. Arkov (Moscow, Russia)*

16.30-16.40 Injection and kinesiotherapy in conservative and rehabilitation treatment of patients with massive rotator cuff tear  
*V. Kuzmina (St. Petersburg, Russia)*

16.40-16.50 ACP Therapy for Sportsmed applications. DX Reinforcement Matrix for Superior Capsular Reconstruction (SCR)  
*N. Schiffer, (Munic, Germany)*

16.50-17.00 My experience in post-operative rehabilitation of patients with massive rotator cuff tear  
*N. Andrievskaya (St. Petersburg, Russia)*

17.00-17.10 Biomechanical syndromes in the diagnosis and rehabilitation of shoulder pathology  
*V. Yudakova (St. Petersburg, Russia)*

17.10-17.20 Neuropathic pain syndrome (injuries of the brachial plexus) – therapeutic tactics. Patient Demonstration  
*A. Vasilkin, S. Savchenko (St. Petersburg, Russia)*

17.20-17.30 Concluding remarks

Venue:  
**Holiday Inn St. Petersburg  
Moskovskye Vorota**

St Petersburg,
